

839 Ed Low Dr

Additional Info

A small section of the lot has already been cleared near the center of the lot. The lot is about 214 ft wide at the street, and there is a section of land on each side of the current clearing that has not been cleared yet.

The lot basically starts where you'll see a little parking spot that was recently created just off the side of the road and ends near the electric pole where the street makes a hard right.

The gate code is 7596.
